MEMORANDUM FOR: The Record

SUBJECT : Salary Differential Due Detailed Employees:
Proposed Variation on State Department Sixty
and Fourteen-Day Rule

REFERENCES : a. Memorandum for Comptroller, General Counsel,
and Director of Personnel, from Assistant
Comptroller, dated 18 June 1953, same subject.
b. Memorandum for General Counsel from Comptroller
dated 23 July 1953, same subject.

1. On 16 February 1954, a meeting was held for further discus-
sion of the subject, with particular reference to the proposed reply
by this office to Reference b. Present were [redacted] (Comptroller),
Mr. [redacted] (Assistant Chief of Finance) with Messrs. [redacted]
[redacted] of this office. The inability to properly audit the travel
and pay accounts of State Department integrees was recognized. It
was also recognized that if some variation in the current State De-
partment regulations were made for non-integrees, it might be the basis
for complaint by integrees. However, no difficulty in this connection
is anticipated.

2. Following this meeting and pursuant to Mr. Houston's suggestion
that the matter be thoroughly discussed with the office of DD/P-Admin.
[redacted] met on 24 February 1954 with [redacted] and with Mr. [redacted]
[redacted] as designee of DD/P-Admin. It was the consensus that, as previously
stated, State Department integrees could not be audited by the Agency.
As to the other types of employees overseas, it was decided that it would
be well for [redacted] to obtain more information based on practical ex-
perience in the various overseas areas. Accordingly, he will make contact
with the various division administrative officers and will coordinate the
information gained with his superiors in the DD/P-Admin. complex. A
further meeting will be held, at which time it is hoped that firm and
practical recommendations may be made which can be concurred in by all
those interested.
